FOREWORD

Information for this publication is based on a survey of excepted positions in the Federal Government as of September 3, 1976.

Since the first publication of *Policy and Supporting Positions* in 1960, an impression has developed that it is a list of "political jobs," or a "Plum Book" connoting its use by a new Administration to make appointments in the Executive Branch. To an extent, this is true; individuals who serve at the pleasure of the President or as confidential assistants to Presidential appointees obviously hold "political jobs" and they are listed herein. *Policy and Supporting Positions*, however, goes beyond that limited group. It is designed to list the jobs which are the leading positions in the United States Government.

The listing covers a wide variety of positions outside the competitive civil service, including those to which appointments are made by the President, Noncareer Executive Assignment positions in General Schedule grades 16, 17, and 18, positions under Schedule C of the Civil Service Rules, and other excepted positions at GS-14 (or equivalent), and above, including selected positions under Schedules A and B of the Civil Service Rules.

In reviewing the positions listed in this publication, the reader should be aware that incumbents of some positions—such as Noncareer Executive Assignment and Schedule C positions—serve at the pleasure of the agency head because the positions' excepted status reflects such considerations as advocacy of Administration programs or policy determining responsibilities. However, other positions, such as those in Schedule A and B, are excepted from the competitive civil service solely because it is impractical to hold competitive examinations for the jobs. Some agencies have a large number of employees outside the competitive civil service—scientists and engineers in NASA, for example—but their positions can hardly be considered political. In addition, it should be remembered that in some of the positions listed in this publication, the incumbent serves on a tenure basis regardless of changes in administrations. The Comptroller General of the United States, for instance, is appointed by the President and confirmed by the Senate. His position appears in this book, but in fact the tenure of the incumbent will continue beyond the expiration of the term of office of the President elected in 1976.

Some agencies of the Government are excluded by statute from direct control and direction by the Administration. The Smithsonian Institution and the Postal Service are two such agencies. The appointment of the chief officers in these agencies is not "political"—the law prohibits the consideration of political recommendations for appointments in the Postal Service—but the positions are among the top policy positions in the United States Government. So they are included.

When preparation of this book began in August, the Civil Service Commission requested that positions in agencies which have internal merit systems—under which appointments are made only on the basis of merit and removals are made only for cause—be excluded from this issue of *Policy and Supporting Positions* even though these agencies are outside the competitive civil service system. The Committee carefully considered the Commission's request but declined to make the exclusion this year. The Committee believes that until the Civil Service Commission has the overall capacity, including manpower and authority, to ensure that internal agency merit systems function fairly and effectively, the exclusion should not be made.

NOTE.—Appearing in the appendix, pp. 135-139, is a memorandum on the excepted service positions. Also included are the Federal Salary schedules effective Oct. 1, 1976.

APPENDIX No. 1

MEMORANDUM ON FEDERAL POSITIONS EXCEPTED FROM THE COMPETITIVE SYSTEM BY THE CIVIL SERVICE COMMISSION

Authority

By Executive order, the President has authorized the Civil Service Commission to exempt from the competitive civil service positions which otherwise would be subject to the Civil Service rules and regulations governing appointment and employment, generally. Civil Service Rule VI defines schedules A, B, and C and grants authority for the Civil Service Commission to list positions in these excepted schedules. Under Civil Service Rule IX, which established the Executive Assignment System for positions in grades GS-16, GS-17, and GS-18, the Commission may except positions and authorize agencies to fill them under noncareer executive assignment.

The Commission has been given the authority to revoke schedule A, B, and C listings. It also periodically reviews exceptions made under Rule IX and, after consultation with the agency concerned, revokes exceptions of executive assignment positions which no longer meet the criteria for exception.

The Commission makes decisions about exceptions and revocations after consideration of agency justifications and its own independent reviews and analyses. These decisions are made by the Commissioners personally and are not delegated.

Categories of exceptions

Noncareer executive assignment.—These assignments are made to positions in grades GS-16, GS-17, and GS-18 which are either of a top policy-determining character or have a close and confidential working relationship to a top policy official. The positions are of the type which share with Presidential appointees the advocacy of current Administration policies and help assure control of the executive machinery of Government by the political party in power.

Schedule C.—This schedule is for positions of a confidential or policy-determining character not in grades GS-16, GS-17, or GS-18.

Schedule A.—This schedule is for positions, not of a confidential or policy-determining character, for which it is not practicable to hold any kind of examination, either competitive or noncompetitive. Examples are positions of attorneys for which examination is forbidden by law, student interns, and certain part-time jobs depending on residency in isolated locations.

Schedule B.—This schedule is for positions, not of a confidential or policy-determining character, for which it is not practicable to hold a competitive examination, but for which a noncompetitive examination (meeting basic requirements) is required, such as student trainee positions in cooperative education programs.

Filling excepted positions

Agencies generally establish qualification requirements for excepted positions, although the Civil Service Commission does this for positions listed in schedule B and for positions authorized to be filled by noncareer executive assignment. The Commission must approve the qualifications of all appointees to positions in grades GS-16, GS-17, and GS-18.

Removals from excepted positions

Because of their policy-determining or confidential nature, positions authorized to be filled by noncareer executive assignment and positions in schedule C may be subject to change in a change of National Administration. However, some incumbents of these and other excepted positions are entitled to certain protections, which are outlined in the table on the following page.

APPENDIX No. 2

REMOVALS FROM EXCEPTED POSITIONS

Status of employee	Procedure required	Appeal privileges
1. All employees serving under temporary appointment.	Notification only -----	None.
2. All employees serving under Presidential appointment with confirmation by the Senate.	-----do-----	Do.
3. Nonveterans without personal status ¹ or status in their positions. ²	-----do-----	Do.
4. Veterans:		
a. With less than 1 year of current continuous employment serving in positions excepted by statute; in schedule A or C; or filled by noncareer executive assignment.	-----do-----	Do.
b. With less than 1 year of current continuous employment and without personal status serving in schedule B.	-----do-----	Do.
5. All employees:		
a. With personal status serving in schedule B.	The removal must be for such cause as will promote the efficiency of the service.	Appeal to Civil Service Commission covers sufficiency of reasons for removal as well as compliance with prescribed procedures.
b. With status in their positions serving in schedule A, B or C.	The employee must be notified in writing at least 30 days in advance of the proposed removal and the specific reasons for it.	
6. Veterans with 1 year or more of current continuous employment serving in positions excepted by statute; in schedule A, B, or C; or filled by noncareer executive assignment.	He must be given a reasonable time to answer. His reply must be considered by the appointing officer. He must be given a written decision containing the reasons for the action and informing him of his right of appeal to the Commission.	

¹ Personal status is civil service acquired during a period of competitive service.

² An employee has status in his position if (a) he was serving, with civil service status, in a position in the competitive service when the Civil Service Commission listed the position in schedule A, B, or C, and (b) he is still serving in that position. This covers employees in attorney positions on Jan. 23, 1955, who were serving with civil service status in attorney positions on May 1, 1947 and who have served continuously in attorney positions between those dates, even though movement to a different agency or activity between those dates may have been effected as an "excepted appointment."

APPENDIX NO. 3.—PAY SCHEDULES

FEDERAL SALARY SCHEDULES 1976

The information in the body of this report reflects grades or salaries as of September 3, 1976. Where an ungraded position has a salary range, the basic entrance salary as of September 3 is shown. In some cases, these entrance salaries may have been increased subsequent to September 3, as there was a general increase in the salaries of most Federal white-collar employees effective on the first day of the first pay period beginning on or after October 1, 1976. This appendix shows the salaries that are in effect for the different grades of the several pay systems after that pay increase, under Executive Order 11941, October 1, 1976.

EXECUTIVE SCHEDULE

The Executive Schedule consists of five levels, with the following rates:

Level I.....	\$66,000
Level II.....	46,800
Level III.....	44,000
Level IV.....	41,800
Level V.....	39,600

However, under Public Law 94-440, the Legislative Branch Appropriation Act, 1977, funds are not available to pay the rates shown above to most positions at Executive Schedule levels. Instead, most positions at Executive Schedule levels are still paid only at the rates that were in effect on September 30, 1976, as follows:

Level I.....	\$63,000
Level II.....	44,600
Level III.....	42,000
Level IV.....	39,900
Level V.....	37,800

This report does not indicate which specific positions are paid at the new rates and which positions continue to be paid at the rates in effect on September 30, 1976.

GENERAL SCHEDULE

Initial appointments to positions under the General Schedule are normally made at the minimum rate of the grade, although the Civil Service Commission may authorize an agency to appoint individuals with superior qualifications at a rate above the minimum rate, if the position is in grade GS-11 or above.

Step increases are granted General Schedule employees at the end of 52 weeks of service in steps 1, 2, and 3 of each grade; at the end of 104 weeks of service in steps 4, 5, and 6; and at the end of 156 weeks of service in steps 7, 8, and 9. An employee's work must be determined to be of an acceptable level of competence before each step increase. In addition to the periodic step increases, an employee whose work is outstanding may be advanced to a higher step on this basis no more often than once every 52 weeks.

It should be noted that employees in steps 7 through 10 of GS-15, all nine steps of GS-16, all five steps of GS-17, and the single step for GS-18 are all paid \$39,600, the rate for level V of the Executive Schedule. This salary compression results from section 5308 of title 5, United States Code, which provides that General Schedule pay may not exceed the rate for level V. (This level V ceiling also applies to the Foreign Service schedules and the Veterans' Administration Department of Medicine and Surgery schedules, appearing later in this appendix.)
